ftp tarred compressed PostScript file [4005K]

This is http://www.nas.nasa.gov/Software/FAST/RND-93-010.walatka-clucas/
This page links to three different formats of a 500+ page book, with a separate file for each of 23 chapters and Table of Contents and Index. The HTML will look the best on your browser. If you want to download the PostScript files to print them out, use the ftp option above to download the whole book (compressed) at once. Bound printed hard copy FAST User Guides are available from from the NASA Ames NAS Division Doc Center.

FAST runs only on Silicon Graphics workstations.
